Gandaki Basin Climate Resilient Project

(गण्डकी जलाधार जलवायु उत्थानशील आयोजना)

INTRODUCTION

The 'Improving Climate Resilience of Vulnerable Communities and Ecosystems in the Gandaki River Basin, Nepal – FP 131' or 'Gandaki Basin Climate Resilient Project (GBCRP)' in short, is a seven-year project funded by the Green Climate Fund (GCF). The objective of the project is to improve resilience of communities through ecosystem and livelihood adaptation to climate change in the Gandaki River Basin (GRB). The GRB occupies about 21% of Nepal's land area and is one of the largest river basin in Nepal.
